Contact Person: _____

Phone: _____

Email: _____

Grant Funds Requested: \$ _____

Title of Grant Project: _____

Project Start Date (if funded): _____

Expenditures from the fish and wildlife propagation fund of any county may be made only for the following purposes, therefore all Grant Applications must comply with one or more articles of California Fish and Game Code Section 13103 as listed below:

- (a) Public education relating to the scientific principles of fish and wildlife conservation, consisting of supervised formal instruction carried out pursuant to a planned curriculum and aids to education such as literature, audio and video recordings, training models, and nature study facilities.
- (b) Temporary emergency treatment and care of injured or orphaned wildlife.
- (c) Temporary treatment and care of wildlife confiscated by the department as evidence.
- (d) Breeding, raising, purchasing, or releasing fish or wildlife which are to be released upon approval of the department pursuant to Sections 6400 and 6401 onto land or into waters of local, state, or federal agencies or onto land or into waters open to the public.
- (e) Improvement of fish and wildlife habitat, including, but not limited to, construction of fish screens, weirs, and ladders; drainage or other watershed improvements; gravel and rock removal or placement; construction of irrigation and water distribution systems; earthwork and grading; fencing; planting trees and other vegetation management; and removal of barriers to the migration of fish and wildlife.
- (f) Construction, maintenance, and operation of public hatchery facilities.
- (g) Purchase and maintain materials, supplies, or equipment for either the department's ownership and use or the department's use in the normal performance of the department's responsibilities.
- (h) Predator control actions for the benefit of fish or wildlife following certification in writing by the department that the proposed actions will significantly benefit a particular wildlife species.
- (i) Scientific fish and wildlife research conducted by institutions of higher learning, qualified researchers, or governmental agencies, if approved by the department.

1 Explain how Tehama County Fish and Game Commission Funds will be used and how the project relates to Section 13103 listed above.

2 What species of fish or wildlife are expected to benefit from this project and in what way?

3 Provide a detailed budget for the project.

4 Is this grant request a onetime request or will be there be future requests to continue this project.

5. Include any support documentation and be prepared to make an oral presentation to the Tehama County Fish and Game Commission at a regularly scheduled Commission meeting.
