I hereby request to be notified before pesticide applications as provided for in Section 29101 of the California Code of Regulations and Title 3 California Administrative Code Section 6654.

The beekeepers must be able to receive messages between 8:00 AM and 5:00 PM, 7 days a week. Information regarding the intended application is given to the beekeepers. It is the beekeeper's responsibility to notify the pest control applicator within 24 hours that the application can commence.

I understand that if I fail to submit my request for pesticide notification to the Agricultural Commissioner in writing within the 72 hour period before relocating I may not be entitled to recover damages for any injury from pest control operations. I also will not recover damages if I fail to properly post an identification sign at my apiaries or am not available for notification at the hours I have designated above. I understand that this "REQUEST FOR NOTIFICATION" will expire on December 31 of each year.
