DID YOU KNOW?

Ah Spring! While Mother Nature is turning everything around us green, it's the perfect opportunity to do the same! April is the month of Easter and Earth Day - perfect opportunities to incorporate a little waste reduction into your life. Here are a few tips to get you started:

- Preventing food waste is important, but what can you do with all those eggs after you've dyed them? Here are some great recipes to get you started:

<https://www.bonappetit.com/recipes/slideshow/how-to-cook-leftover-easter-eggs>.

- Avoid plastic grass - it can't go into recycling bins and creates quite the mess! Try shredded tissue paper, instead.
- Celebrate Earth Day in your backyard by using a mulching mower or composting your grass clippings. Add leaf mulch or wood chips to prevent weed growth, retain moisture, regulate soil temperature, and add nutrients back into the soil.
- Organize a local community cleanup event to show Mother Nature how much you care. Check out the Tehama County Solid Waste Management Agency's Illegal Dumping and Litter Abatement Program to see if we can help: <http://co.tehama.ca.us/illegal-dumping-litter-abatement-program>.

Questions?

For more information on programs for Tehama County residents and businesses, please call the Tehama County Solid Waste Management Agency at 530-528-1103, visit <http://www.tehamacountylandfill.com> or email us at tehamacountyrecycles@co.tehama.ca.us.

As always, please **do not forget to recycle!**
It's good for the County and good for the wallet.
