### Inspection Violations

#### HAND WASHING FACILITIES REQUIRED - 16 6

"Comply by Date" Not  
Specified

Not In Compliance

*Violation Description:*

Handwashing soap and towels or drying device shall be provided in dispensers; dispensers shall be maintained in good repair. (113953.2)  
Adequate facilities shall be provided for hand washing, food preparation and the washing of utensils and equipment. (113953, 113953.1, 114067(f))

*Corrective Description:*

*Inspector Comments:*

This site has only one functioning toilet room, which customers and employees share. There was not any hand soap available for employees to use for handwashing in the toilet room or adjacent to it. There was a broken wall-mount that used to be the soap dispenser.  
The paper towel dispenser did not work; it would not feed paper towel from the roll as, stated by store employee, the roll is the wrong size for the dispenser.  
Employees must be provided hand cleanser (soap) and single use paper towels (or heated-air hand drying device). After discussion, the facility equipped the toilet room with a disposable pump hand soap dispenser.  
To correct this violation: make hand soap available by repairing/replacing soap dispenser and make either single-use paper towels or heated-air hand drying device available to employees after using the toilet.
