## INDEPENDENT AUDITORS' REPORT

Board of Supervisors  
County of Tehama  
Red Bluff, California

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Tehama, California (the County), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

##### ***Prior Period Adjustments***

As disclosed in Note 15 to the financial statements, the County's beginning net position and fund balance was restated for the correction of errors in prior year financial statements. Our opinion is not modified with respect to this matter.

##### ***Change in Accounting Principle***

As discussed in Note 1 to the financial statements, effective July 1, 2023, the County adopted new accounting guidance for accounting changes. The guidance requires that changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period. Our opinions are not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of County of Tehama's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about County of Tehama's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, County Pension Plan information, County OPEB Plan information, infrastructure information under modified reporting and budgetary comparison schedules for the General Fund, Road Fund, Public Safety Fund, Public Assistance Fund and Health Services Fund be presented to supplement the basic financial statements. Such information is the responsibility of management, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Tehama's basic financial statements. The combining nonmajor governmental and enterprise fund, internal service, and fiduciary fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining nonmajor governmental and enterprise fund, internal service and fiduciary fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Board of Supervisors  
County of Tehama

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated February 25, 2025, on our consideration of the County of Tehama’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Tehama’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County’s internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**(Unaudited)**

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2024**

This section of the County of Tehama's (County) annual financial report presents a discussion and analysis of the County's financial performance during the fiscal year ended June 30, 2024. It should be read in conjunction with the County's basic financial statements following this section.

**I. FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of the County exceeded its liabilities and deferred inflows at the close of the fiscal year by \$383,293,350 (net position). Of this amount, \$96,577,119 is restricted by function for external requirements, \$339,061,832 is net investment in capital assets, and (\$52,345,601) is unrestricted.
- The government's total net position increased by \$43,405,805 during the year over the restated prior year balance.
- As of June 30, 2024, the County's governmental funds combined ending fund balances were \$93,598,811. This is a net decrease of \$6,050,601 from the prior year and is comprised of \$76,664,143 in nonspendable and restricted fund balance and \$16,934,668 as Committed, Assigned and/or Unassigned.

**II. OVERVIEW OF THE FINANCIAL STATEMENTS**

**A. Financial Reporting Model**

The County of Tehama's financial reporting model is designed to demonstrate government accountability by presenting both a long-term and a near term view of its finances. This model is prescribed by Statement Number 34 of the Government Accounting Standards Board (GASB 34). This model is comprised of three parts: 1) Management's Discussion and Analysis which provides the financial highlights; 2) The County's basic financial statements, which consist of the Government-Wide financial statements, the Fund financial statements, and Notes to the financial statements and 3) Required Supplementary Information.

**B. Government-Wide Financial Statements**

The government-wide financial statements provide an overview of the County's finances, in a manner similar to a private sector business that is using the accrual basis of accounting. They demonstrate accountability of Tehama County by showing the extent to which it has met operating objectives efficiently and effectively, using all resources available, and whether it can continue to do so.

The ***statement of net position*** presents information on all the County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**II. OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

**B. Government-Wide Financial Statements (Continued)**

The ***statement of activities*** presents information on expenses and revenues to show how the government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues are reported as soon as earned and expenses are reported as soon as incurred even though the related cash flows may not have taken place until future fiscal periods (e.g., earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation.

Certain component units such as county service areas are essentially part of County operations and their financial data is blended in with operational funds of the County.

**C. Fund Financial Statements**

The fund financial statements provide evidence of accountability by demonstrating compliance with budgetary decisions made in a public forum. A fund is a group of related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes stipulated by laws, regulations or policies. The funds of the County are divided into three categories: governmental, proprietary, and fiduciary.

***Governmental funds*** are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spending resources, as well as on balances of spending available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The County maintains multiple individual governmental funds. Governmental fund information is presented separately for the following major funds in the financial statements: General Fund, Public Safety Fund, Public Assistance Fund, Road Fund, and the Health Services Fund. Data from other nonmajor governmental funds including, but not limited to, Fish and Game, Child Support, Building and Safety, Senior Nutrition, and Air Pollution are aggregated into a single column and classified as Other Governmental Funds.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**II. OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

**C. Fund Financial Statements (Continued)**

*Proprietary funds* are of two types:

*Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for the Health Center and the Tehama County Sanitation District #1.

*Internal service funds* are used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for Risk Management (Worker's Compensation, Liability, and Property Insurance), and Dental, Vision and Medical Insurance programs. Because these services predominantly benefit governmental, rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

*Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's programs. The County maintains both custodial funds and investment trust funds in the fiduciary fund category.

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the information provided in the financial statements.

**D. Required Supplementary Information**

In addition to the basic financial statements, this report presents Required Supplementary Information that includes the County's progress in funding its obligation to provide pension and OPEB benefits to its employees; infrastructure assets reported using the modified approach and budgetary comparisons for the general fund and other major special revenue funds.

**E. Annual Audit Requirements**

A countywide audit is required in order to comply with provisions of the Federal Single Audit Act of 1984 and California Government Code Section 25250. In accordance with these requirements the Tehama County Financial Statements undergo an annual audit by a CPA firm under contract with the County. The audit of the 2023/24 Financial Statements was conducted by the firm CliftonLarsonAllen LLP.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

Total Net Position	<u>\$ 339,135,192</u>	<u>\$ 382,541,007</u>	<u>\$ 740,282</u>	<u>\$ 752,343</u>	<u>\$ 339,875,474</u>	<u>\$ 383,293,350</u>

\* Refer to Note 15: Accounting and Reporting Changes for details on the restated prior year balances.

The net investment in capital assets reflects the County's investment in land, structures and improvements, infrastructure and equipment. The County uses capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The County had an increase in Cash & Investments of \$5,046,030, an increase in receivables of \$8,032,438, and an increase of depreciable assets of \$4,279,108. The total net increase in all Assets for 2023/24 was \$55,722,820.

Restricted net position of \$96,577,119 represents resources that are subject to external restrictions on how they may be used.

The total deferred outflows of resources for governmental activities were \$34,658,451 and deferred inflows of resources were \$3,490,170. Both numbers are a result of recording deferred outflows, OPEB liability, OPEB adjustments, pension liability and pension adjustments.

\* Refer to Note 15: Accounting and Reporting Changes for details on the restated prior year balances.

The following highlights significant factors that affected the governmental and business-type activities and contributed to the change in net position:

- Governmental activities had an increase in net position of \$36,733,898 and Business-Type activities had an increase of \$12,061.

The overall revenue increase from 2022/23 to 2023/24 was \$36,415,378 while the increase in expenditures was \$20,298,105.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**III. GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)**

- Grants & Contributions, which includes Aid from Other Government Agencies (State & Federal, etc.) saw an increase overall of more than \$28.8 million. There were significant increases in Public Assistance, State Mental Health & Other State Health reimbursements. However, the most notable reason for the increase was a result of funding received by the Road Fund for reimbursement for major projects. These increases were offset by a decrease of nearly 7.8 million in General Government due to the completion of the Aircon project in the prior year.
- There were increases in both property tax and sales & use tax of nearly \$1.7 million. There was also a significant increase in investment and interest earnings due to current year increases in market performance of nearly \$5 million.
- Other revenues increased significantly due to cost reimbursements related to a data breach.

**IV. FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS**

The County uses fund accounting to ensure and demonstrate compliance with budgetary and legal requirements.

**Governmental funds.** The general government functions are included in the General, Special Revenue, Debt Service, and Capital Project Funds. Included in these funds are the special districts governed by the Board of Supervisors. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and spendable resources. Such information is useful in assessing the County's financing requirements.

At June 30, 2024, the County's governmental funds reported combined ending fund balances of \$93,598,811. This was a decrease of \$6,050,601 from the prior year. Approximately 18.1% of this total amount, or \$16,934,668, constitutes unrestricted and spendable fund balance which may be used to meet the County's ongoing general obligation to citizens and creditors.

The General Fund is the main operating fund of the County. At June 30, 2024, combined unrestricted fund balance of the General Fund was \$27,197,191, while total combined fund balance reached \$35,752,021. Overall Fund Balance increased by \$3,631,536 as a result of increases in Property Tax, Sales & Use Tax, Collection of delinquent taxes, state reimbursements, and increased franchise fees.

The following Special Revenue Funds can be viewed a little differently. Here, all restricted fund balances, as defined by GASB-54, are also available for operations. Nonspendable amounts are not available for operations.

**The Public Safety Fund** is used to account for all revenues and expenditures associated with public protection programs. The combined Public Safety Fund had a total fund balance of \$12,589,843. Of this amount, \$12,488,024 is restricted and available for public safety programs and the balance of \$101,819 is nonspendable. The overall fund balance increased by \$187,141.

**The Public Assistance Funds** are used to account for all revenues and expenditures associated with the Federal and State mandates of various Health and Welfare Codes. At June 30, 2024, the total combined fund balance of the Public Assistance Funds was \$23,296,564. This represents an available restricted fund balance of \$23,214,118 and an overall increase in fund balance of \$2,920,720.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**IV. FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS (CONTINUED)**

**The Health Services Fund** is comprised of several sub-funds which are used to account for all revenues and expenditures associated with providing health services to County residents. At June 30, 2024 the combined Health Services Funds had a deficit fund balance of \$(4,628,489), and nonspendable fund balance of \$4,069 for a total deficit fund balance of \$(4,624,420).

**The Road Funds** are used to account for all revenues and expenditures associated with design, construction and maintenance of county road infrastructure. The Road Fund had a deficit fund balance of \$(2,967,631). The overall fund balance decreased by \$2,923,635 due largely to substantial project expense reimbursements for claims submitted in 2023/24 but not received in the accrual period totaling approximately \$3.5 million.

The following tables for revenues by source and expenditures by function differ from the numbers presented in the statement of activities for various reasons explained in the reconciliation of the statement of revenues, expenditures, and changes in fund balance of governmental funds (page 30 of the financial statements). The revenues by source table presents the revenues from various sources as well as increases or decreases from the prior year in the governmental funds. The expenditures by function table presents expenditures by function compared to the prior year amounts in the governmental funds.

**Revenues Classified by Source  
Governmental Funds**

	FY 2023		FY 2024		Change	
	Amount*	% of Total	Amount	% of Total	Amount	% of Change
Revenue Sources:						
Taxes	\$ 35,387,157	20.1%	\$ 37,063,729	17.8%	\$ 1,676,572	4.7%
Licenses and Permits	5,073,364	2.9%	5,071,827	2.4%	(1,537)	0.0%
Fines and Forfeitures	2,712,767	1.5%	2,145,865	1.0%	(566,902)	-20.9%
Use of Money and Property	2,583,401	1.5%	7,438,440	3.6%	4,855,039	187.9%

Other	1,993,630	1.1%	2,471,982	1.2%	478,352	24.0%
Total Revenue Sources	<u>\$ 176,128,524</u>	<u>100.0%</u>	<u>\$ 208,578,504</u>	<u>100.0%</u>	<u>\$ 32,449,980</u>	<u>18.4%</u>

\* Refer to Note 15: Accounting and Reporting Changes for details on the restated prior year balances.

Significant changes for major revenue sources are explained below:

- **FINES AND FORFEITURES** – This significant decrease is due a reduction in adjustments to the Tax Loss Reserve compared to 2022/23.
- **USE of MONEY & PROPERTY** –This increase is primarily due to the increase in market values during the year and resulting fair value adjustments. Increases because of interest earnings account for \$1.1 million of the \$4,840,589 change.
- **INTERGOVERNMENTAL** – The main factor in the increase of \$25,662,130 is reimbursements from State and Federal agencies for Road projects of \$23,152,744. There were also significant increases in Public Assistance and Public Administration for the Social Services Fund of \$3,735,002. This increase was offset by significant reductions of intergovernmental funding in Health Agency, grant funding for the Homeless Shelter as well as numerous smaller reductions in other Governmental Funds.

Capital Outlay	11,756,538	6.6%	10,909,671	5.1%	(846,867)	-7.2%
Total Expenditures by Function	<u>\$ 177,030,216</u>	<u>100.0%</u>	<u>\$ 214,893,248</u>	<u>100.0%</u>	<u>\$ 37,863,032</u>	<u>21.4%</u>

Significant changes for major functions are explained below:

- **GENERAL GOVERNMENT** – There was a decrease of over \$2 million in contributions to other agencies. In 2022/23 the county provided funding to the Chamber of Commerce for small business grants using COVID monies. This didn't happen in 2023/24. A number of increases to expenses offset the decrease in COVID spending. These include increases across all budget units for Workers Comp, Liability Insurance and Unfunded PERS, increased Professional Services for contracted expenses, and Maintenance of Equipment agreements.
- **PUBLIC PROTECTION** – This increase is due to salary & benefits, PERS contributions, internal assets and fixed asset purchases, rising liability insurance costs and increases to professional service contracts and maintenance agreements.
- **Health & Welfare** – The significant increase is due to increased salary & benefits, PERS contributions, contributions to other agencies, support and care, institutional mental disorders, managed care and rising professional service contract costs.
- **EDUCATION** – The increase is due to increased salary & benefits, PERS contributions and a vehicle purchase for the Library and two vehicle purchases for our Ag Extension program.
- **RECREATION AND CULTURAL SERVICES** – The significant increase is due to improvements of Parks in Tehama County.
- **PUBLIC WAYS & FACILITIES** – In addition to the rising salary & benefit costs and PERS contributions that were felt by all funds, the Road Dept had a major project for a roundabout that resulted in a significant increase to expenses in 2023/24.
- **DEBT SERVICES** – The increase in Debt Services is due to the establishment of new debt for an energy saving/solar project called Aircon. 2023/24 included the first principal payment for the new debt.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**V. GENERAL FUND BUDGETARY HIGHLIGHTS**

The difference between the original 2023/24 General Fund revenue budget and the final budget was \$1,906,665.

The expenditure budget saw an increase of \$1,422,528 from the original and final budget. The largest increases were seen in General Government, Public Protection, and Capital Outlay with changes in the amounts of \$387,508, \$528,743, and \$241,223 respectively.

At year-end, actual revenues exceeded budgetary estimates by \$2,077,856. Actual expenditures were less than budgetary estimates by \$4,174,674 and transfers were less than budgeted by \$1,554,370.

The net of revenue and expense for General Fund only (Fund 101), combined with fund balance available, provided carry over funds of \$7,885,524. With this surplus the county established and Emergency/Disaster reserve to assist with the Park Fire costs, dedicated funds to Unfunded Liability per policy, and filled the budget gap for the 2024/25 fiscal year.

**VI. CAPITAL ASSETS AND DEBT ADMINISTRATION**

**A. Capital Assets**

The County's investment in capital assets for its governmental and business type activities as of June 30, 2024 amounts to \$364,319,689 (net of accumulated depreciation). This investment in capital assets includes land, structures and improvements, equipment, construction-in-progress, and some infrastructure. This was an increase of \$39,631,445 from prior year, largely due to Infrastructure and Construction in Progress activity in the Road Department, the completion of the Aircon Solar project, multiple vehicle purchases and a fire truck.

The County's infrastructure assets are recorded at historical cost in the government-wide financial statements as required by GASB Statement No. 34. The County has elected to use the modified approach for infrastructure to report its infrastructure, which includes its roads, signs and markings, bridges and culverts. The infrastructure assets reported under the modified approach are not subject to depreciation per GASB Statement No. 34. As of June 30, 2024, infrastructure was recorded at \$195,414,393.

As of June 30, 2024, 43% of all paved roads were rated as fair or better, and 92.2% of bridges are listed as fair or better.

More detailed information about the County's Road Infrastructure assets is presented in Note 4, of the basic financial statements and the Required Supplementary Information of this report.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**VI. CAPITAL ASSETS AND DEBT ADMINISTRATION (CONTINUED)**

**B. Long-Term Debt**

At June 30, 2024, the County had a total long-term debt outstanding of \$17,016,231. The debt consists of \$6,879,813 in Certificates of Participation (COP), net of unamortized premium, Notes Payable (Aircon debt) \$7,079,423, lease liabilities of \$2,117,297, SBITA liabilities of \$728,998 and bonds payable of \$210,700.

Additional long-term liabilities include:

- Compensated Absence of \$4,871,106.
- Other Postemployment Employee Benefits of \$606,302.
- Pension Liability of \$119,402,865 (Net of Safety \$36,469,360 & Miscellaneous \$82,933,505)

More detailed information about the County's long-term liabilities and pension and OPEB liabilities are presented in Notes 7 & 8 and Notes 12 & 13 of the basic financial statements, respectively.

**VII. ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

Fiscal year 2024-25 Recommended budgets supported by the General Fund remained status quo as established in the prior fiscal year Adopted Budget, including 5% reductions in Services and Supplies applied in 2016/17 along with overall 5% reductions taken in 2019/20, positions held vacant/unfunded, and a 2.5% reduction in 2023/24 for General Fund and Public Safety budget unit's overall budget. Departments were asked not to make the request above what available resources could cover.

The total budget appropriations for all operating funds are \$274,995,459, with an additional \$5,500,495 allocated for new or increased obligated fund balances (reserves), resulting in a total budget of \$280,495,954. This represents a 4.2% increase compared to the previous year's requirements.

Funding for these appropriations will be sourced from available fund balances totaling \$13,724,270 and estimated revenues of \$266,771,684, totaling \$280,495,954. Operating transfers for all funds account for \$27,098,555 of this amount.

**Budget Reduction and Hiring Freeze:**

In response to a projected budget gap, the County initiated a collaborative effort with all General Fund and Public Safety departments to identify cost-saving measures. This collaborative approach resulted in the successful implementation of a 2.5% overall budget reduction across these departments. In addition, a temporary hiring freeze was put in place to further control personnel costs and ensure fiscal stability.

**COUNTY OF TEHAMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**VII. ECONOMIC FACTORS AND NEXT YEAR'S BUDGET (CONTINUED)**

**General Fund:**

The General Fund has a total requirement of \$55,650,584, which includes operating transfers of \$26,822,167. Appropriations for the General Fund exceed estimated revenues by \$7,067,204. This shortfall was addressed through a carry-over balance of \$7,885,524 from the General Fund and \$2,100,000 from the reserve committed for the Compensation Study. Leaving a remaining carry-over balance of \$2,913,320.

Based on the recommendations outlined in the CAO's narrative presented on September 10th, this remaining balance was allocated as follows:

- \$291,832 to the Unfunded PERS Liability Trust (10% of excess, as per the Unfunded Accrued Liability Management Policy).
- \$2,626,988 to a newly established reserve for "Assigned - Emergency / Disaster"
- The General Fund reserve committed to economic uncertainty currently holds \$6,821,577, representing 12.9% of the adopted General Fund appropriations. This level of reserves exceeds the County Fund Balance Policy's minimum requirement of 8.33%.

**Contingency Budgets:**

The General Fund has a total contingency budget of \$509,175 to cover potential increases in group health insurance costs, retirement payouts, and MOU changes. Additional contingencies are allocated in other funds, including:

- Road Fund: \$621,913
- Fish & Game Fund: \$800
- Public Safety Fund: \$1,166,145 (for sick leave, vacation, retirement, comp time buyouts, and MOU increases)
- Transportation Operations Fund: \$37,915
- Capital Outlay Fund: \$500,000

These contingency funds provide a financial buffer to address unforeseen expenses and ensure the stability of essential services.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE  
SHEET TO THE GOVERNMENT-WIDE STATEMENT OF  
NET POSITION – GOVERNMENTAL ACTIVITIES  
JUNE 30, 2024**

<b>Total Fund Balance - Total Governmental Funds</b>	<b>\$ 93,598,811</b>
Amounts reported for governmental activities in the statement of net position are different because:	
Right-to-use assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.	2,106,905
SBITA assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.	753,070
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.	360,901,595
Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenues in the governmental funds.	30,080,491
Interest payable on long-term debt does not require the use of current financial resources and, therefore, is not accrued as a liability in the governmental funds.	(34,860)
Deferred outflows of resources related to pension and OPEB are not reported in the governmental funds.	34,476,821
Deferred inflows of resources related to pension are not reported in the governmental funds.	(3,456,964)
Certain liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds.	
Certificates of Participation, Plus Unamortized Premium of \$439,813	(6,879,812)
Notes Payable	(7,079,423)
Compensated Absences	(4,859,360)
Leases Liability	(2,117,297)
SBITA Liability	(728,998)
Net Pension Liability	(118,776,823)
Total OPEB Liability	(594,081)
Internal service funds are used by management to charge the cost of certain activities, such as insurance, equipment maintenance, and operations to individual funds. The assets and liabilities of the internal service funds must be added to the statement of net position.	5,150,932
<b>Net Position of Governmental Activities</b>	<b><u><u>\$ 382,541,007</u></u></b>

**COUNTY OF TEHAMA  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE  
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES – GOVERNMENTAL ACTIVITIES  
YEAR ENDED JUNE 30, 2024**

**Net Change to Fund Balance - Total Governmental Funds** \$ (6,050,601)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for Capital Outlay	43,482,726
Less Current Year Depreciation	(4,022,478)
Less: Current Year Amortization	(977,298)

Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the net cost of the capital assets disposed. There were no significant proceeds from the sale of capital assets.

51,857

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Issuance of Leases and SBITAs	(264,143)
Principal Retirements	2,474,912

Some revenues reported in the statement of activities will not be collected for several months after the County's year-end and do not provide current financial resources and therefore, are not reported as revenues in the governmental funds.

Change in Unavailable Revenues	10,705,357
--------------------------------	------------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in Compensated Absences Payable	147,504
Change in Net Pension Liability and Related Deferred Inflows/Outflows of Resources	(3,714,029)
Change in Total OPEB Liability and Related Deferred Inflows/Outflows of Resources	166,321

Internal service funds are used by management to charge the cost of certain activities, such as insurance, equipment maintenance, and operations, to individual funds.

The net revenue (expense) of certain internal service funds is reported with governmental activities.

1,405,687

## **BASIC FINANCIAL STATEMENTS**

- **Notes to Basic Financial Statements**

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The County operates under an Administrator Board of Supervisors form of government and provides various services on a county-wide basis including law and justice, education, detention, social, health, fire protection, road construction, road maintenance, transportation, park and recreation facilities, elections and records, communications, planning, zoning, and tax collection.

Accounting principles generally accepted in the United States of America require government financial statements to include the primary government and its component units. Component units of a governmental entity are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the combined financial statements to be misleading. The primary government is considered to be financially accountable if it appoints a majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government.

Reporting for component units on the County's financial statements can be blended or discretely presented. Blended component units are, although legally separate entities, in substance part of the County's operations and, therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, would be reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the Board of Supervisors. The financial statements of the individual component units may be obtained by writing to the County of Tehama, Auditor – Controller's Office, 444 Oak Street – Room J, Red Bluff, California 96080.

Blended Component Units

The County Board of Supervisors is the governing body of a number of special purpose district funds. Among its duties, the County Board of Supervisors approves the budgets, special taxes, and fees of these special districts. As an integral part of the County, these special districts are reported as funds in the County's financial statements as follows:

Special Revenue Funds:

**Air Pollution** – The Air Pollution District was established to provide better air quality to residents.

**Los Molinos Lighting** – The Los Molinos Lighting District was established to provide lighting to district residents.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**A. Reporting Entity (Continued)**

Blended Component Units (Continued)

Special Revenue Funds (Continued):

**Tehama County Flood Control and Tehama County Flood Zone 3** – The Tehama County Flood Control and Tehama County Flood Zone 3 were established to provide for flood control in the County.

**Tehama Power Authority** – The Tehama Power Authority was established to provide power services for the County.

Enterprise Funds:

**Health Center** – The Tehama County Health Center was established to account for operations involved in providing health services to County residents.

**Tehama County Sanitation District #1** – The Tehama County Sanitation District #1 was established to provide sanitation services to certain County residents in the Mineral area.

Discretely Presented Component Units

There are no component units of the County which meet the criteria for discrete presentation.

Joint Agencies

The County is a member of the California State Association of Counties Excess Insurance Authority (CSACEIA). CSACEIA is a joint powers authority organized for the purpose of developing and funding excess insurance programs for member counties. CSACEIA operates public entity risk pools for workers' compensation, comprehensive liability, property, and medical malpractice, and the pool purchases excess insurance and services for members. CSACEIA is under the control and direction of a board of directors consisting of representatives of the 50-member counties. Complete audited financial statements can be obtained from CSACEIA's office at 75 Iron Point Circle, Suite 200, Folsom, California 95630. The County is not financially accountable for this organization and therefore, it is not a component unit under the requirements of the Governmental Accounting Standards Board.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Basis of Presentation**

Government-Wide Financial Statements

The statement of net position and statement of activities display information on all of the nonfiduciary activities of the County and its blended component units. These statements include the financial activities of the overall government, except fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the governmental and business-type activities of the County. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each different identifiable activity of the County's business-type activities and each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Certain indirect costs, which cannot be identified and broken down are included in the program expense reported for individual functions and activities. Program revenues include (1) charges paid by the recipients of goods and services offered by the program, (2) operating grants and contributions, and (3) capital grants and contributions. Taxes and other items not properly included among program revenues are presented instead as general revenues.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Funds are organized into three major categories: governmental, proprietary and fiduciary. The emphasis is placed on major funds within the governmental category and enterprise funds in the proprietary type; each is displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

- The General fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the general fund includes such activities as public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation services.
- The Road fund is a special revenue fund used to account for revenues and expenditures associated with the public works department. Funding comes primarily from state and federal grant revenues.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Basis of Presentation (Continued)**

Fund Financial Statements (Continued)

- The Public Safety fund is a special revenue fund used to account for revenues and expenditures associated with specific public protection programs. Funding comes primarily from state and federal grant revenues.
- The Public Assistance fund is a special revenue fund used to account for revenues and expenditures associated with the federal and state mandates of various Health and Welfare Codes. Funding comes primarily from state grant revenues.
- The Health Services fund is a special revenue fund used to account for revenues and expenditures associated with providing health care services to County residents. Funding comes primarily from state and federal grant revenues.

The County reports the following additional fund types:

- Proprietary funds account for the Health Center and the Tehama County Sanitation District.
- Internal Service funds account for the County's risk management and self-insurance programs which provide services to other departments on a cost reimbursement basis.
- The Investment Trust funds account for the assets of legally separate entities that deposit cash with the County Treasurer. The assets of these funds are held in trust for other agencies and are part of the County's external pool. The external investment pool is made up of two separate funds: Special Districts governed by Local Boards and School Districts. The County is obligated to disburse monies from these funds on demand.
- Custodial funds account for the receipt and disbursement of various taxes, deposits, deductions, and property collected by the County, acting in the capacity of an agent for distribution to other governmental units or other organizations. The custodial funds maintained by the County are aggregated for presentation in one component.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Basis of Accounting and Measurement Focus**

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales tax, grants, entitlements, and donations. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property taxes are considered susceptible to accrual and are accrued when their receipt occurs within 60 days after the end of the fiscal year. Sales taxes, interest, certain state and federal grants, and charges for services are considered susceptible to accrual and are accrued when their receipt occurs within 30 days after the end of the fiscal year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgments are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in the various functions of the governmental funds. Proceeds of governmental long-term debt and acquisitions under capital leases are reported as other financing sources.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary funds include investment trust funds and custodial funds. All investment trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial funds are reported using the accrual basis of accounting to recognize fiduciary net position.

**D. Noncurrent Governmental Assets and Liabilities**

Noncurrent governmental assets and liabilities, such as capital assets and long-term liabilities, are reported in the governmental activities' column in the government-wide statement of net position.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**E. Cash and Cash Equivalents**

For purposes of the accompanying statement of cash flows, the County considers all highly liquid investments with a maturity of three months or less when purchased including cash with fiscal agent and their equity in the County Treasurer's investment pool, to be cash equivalents.

**F. Investments**

The County sponsors an investment pool that is managed by the County Treasurer. The County's pool activity is governed by California Government Code Sections 27000.1 and 53607 as well as the County's investment policy.

Investment transactions are recorded on the trade date. The fair value of investments is determined annually. Investments in nonparticipating interest-earning investment contracts are reported at cost; short-term investments are reported at amortized cost, investments in the State of California Local Agency Investment Fund (LAIF), an external pool, are reported at amortized cost which approximates fair value. All other investments are reported at fair value. The fair value represents the amount the County could reasonably expect to receive for an investment in a current sale between a willing buyer and seller.

Participant's equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Interest payments, accrued interest, accreted discounts, amortized premiums, and realized capital gains and losses, net of administrative fees, are apportioned to pool participants every quarter. This method differs from the fair value method used to value investments in these financial statements as unrealized gains or losses are not apportioned to pool participants. During the fiscal year ended June 30, 2024, the County Treasurer has not entered into any legally binding guarantees to support the value of participant equity in the investment pool.

Income from pooled investments is allocated to the individual funds or external participants based on the fund or participant's average daily cash balance at quarter end in relation to the total pool investments. Interest income earned in custodial funds where there are no interest earnings requirements are assigned to the general fund per County Policy. Income from nonpooled investments is recorded based on the specific investments held by the fund.

**G. Receivables**

Receivables for governmental activities consist mainly of accounts, taxes and intergovernmental revenue. Management believes its receivables are fully collectible and, accordingly, no allowance for doubtful accounts is required.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**H. Other Assets**

Inventory

Inventories are stated at cost (first in, first out basis) for governmental and proprietary funds. Inventory recorded by governmental funds are essentially prepaid costs for materials and supplies held for repairs and maintenance of roads. Governmental fund inventories are recorded as expenditures at the time the inventory is consumed.

Prepaid Items

Payments made for services that will benefit periods beyond June 30, 2024, are recorded as prepaid costs in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**I. Loans Receivable**

The County provided an advance of funds to the 30<sup>th</sup> District Agricultural Association (Association), in the amount of \$165,162 to pay off an existing financial obligation relating to the PVII project, obtain clear title to photovoltaic equipment, and resolve the PNC Equipment Finance, LLC litigation. The advance was made on April 1, 2015, and accrues interest at 2% and will be repaid with interest in equal monthly installments over a period of 10 years. The balance at June 30, 2024 was \$15,059.

**J. Capital Assets**

Capital assets, including public domain (infrastructure such as roads, bridges, sidewalks, sewer, and similar items) are defined by the County as assets with a cost of more than \$1,500 and an estimated useful life of more than one year. Capital assets are recorded at historical cost or estimated historical cost if actual historical cost is unavailable. Contributed capital assets are recorded at their acquisition value at the date of donation.

The County has elected to use the modified approach for reporting its infrastructure capital assets. Under the modified approach depreciation is not reported for these assets and all expenditures, except for betterments and major improvements made to the system, are expensed.

The County manages its maintained road, bridge, and sign subsystems of the road network using the Carte Graph Pavement Management Program and accounts for them using the modified approach. The program establishes scales to determine the conditions of the various subsystems. It is the County's policy to maintain 75% of its road, bridge, and sign subsystems at a fair or better condition. Currently, the right of way value provided is a rough valuation based on several estimations and assumptions to establish the valuation parameters. A final detailed valuation will be available in future years.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**J. Capital Assets (Continued)**

Capital assets used in operations are depreciated or amortized using the straight-line method over the assets' estimated useful lives in the government-wide financial statements. The range of estimated useful lives by type of asset is as follows:

Depreciable Assets	Estimated Lives
Equipment, Furniture, and Fixtures	5 Years
Structures and Improvements	50 Years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

The County is a lessee for noncancellable leases of equipment, and structures. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the shorter of the lease term or its useful life.

**K. Property Tax**

The state of California's (the State) Constitution Article XIII A provides that the combined maximum property tax rate on any given property may not exceed 1% of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value, as defined by Article XIII A, and may be adjusted by no more than 2% per fiscal year unless the property is sold or transferred. The State Legislature has determined the method of distribution of receipts from a 1% tax levy among the County, cities, school districts, and other districts.

The County of Tehama is responsible for assessing, collecting, and distributing property taxes in accordance with state law. Property taxes are levied on both secured (real property) and unsecured (personal property other than land and buildings) property. Supplemental property taxes are assessed upon transfer of ownership in property or completion of new construction.

The County levies, bills, and collects taxes as follows:

	Secured	Unsecured
Valuation/Lien Dates	January 1	January 1
Due Dates	November 1 (1st Installment) February 1 (2nd Installment)	July 1
Delinquent Dates	December 10 (1st Installment) April 10 (2nd Installment)	August 31

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**K. Property Tax (Continued)**

The County of Tehama apportions secured property tax revenue in accordance with the alternate method of distribution, the Teeter Plan, as described by Sections 4701 through 4717 of the California Revenue and Taxation code. Under the Teeter Plan, the County allocates to certain local taxing agencies 100% of the secured property taxes billed. In return, the County retains penalties and interest on delinquent secured taxes in the Tax Loss Reserve Fund (TLRF) included in the General Fund. The primary purpose of TLRF is to cover losses that may occur as a result of special sales of tax-defaulted property.

The County is legally required to maintain a minimum balance of 1% of the annual taxes levied on properties participating in the Teeter Plan. The balance in the TLRF was \$1,698,784 at June 30, 2024. The County's management believes that any ownership rights to the TLRF the County may have are effective only upon a Board approved transfer or to the extent of losses related to the sale of tax defaulted property. Amounts in the TLRF are held for the participants in the County's Teeter Plan and accounted for in the General Fund.

**L. Interfund Transactions**

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either "due to/from other funds" or "advances to/from other funds" as appropriate and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance account in applicable governmental funds to indicate that they are not in spendable form.

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. These services provide information on the net cost of each government function and therefore are not eliminated in the process of preparing the government-wide statement of activities.

Reimbursements occur when the funds responsible for particular expenditures or expenses repay the funds that initially paid for them. Such reimbursements are eliminated to be reflected as expenditures or expenses in the reimbursing fund and reductions to expenditures or expenses in the reimbursed fund.

All other interfund transactions are treated as transfers. Transfers between funds are netted as part of the reconciliation to the government-wide presentation.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**M. Unearned Revenue**

Under the accrual and modified accrual basis of accounting, revenue may be recognized only when it is earned. Revenue is earned when services are provided, or eligibility requirements are met. When assets are recognized in connection with a transaction before the earnings process is complete, those assets are offset by a corresponding liability for unearned revenue.

**N. Leases**

Lessee

The County is a lessee for noncancellable leases of equipment, and structures. The County recognizes a lease liability and a right-to-use lease asset (lease asset) in the applicable governmental activities in the statement of net position. The County recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the shorter of the lease term or its useful life.

- The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long- term debt on the statement of net position.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**O. Subscription-Based Information Technology Arrangements (SBITAs)**

A SBITA is a contract that conveys control of the right to use another party's information technology (IT) software, alone or in combination with tangible capital assets. The County recognizes a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. The subscription term includes the periods which the County has a noncancellable right to use the underlying IT assets.

The subscription liability is initially measured at the present value of subscription payments expected to be made during the subscription term. Amortization of the discount on the subscription liability is recognized as an outflow of resources in subsequent financial reporting periods.

The subscription asset is initially measured as the sum of the initial subscription liability, plus payments made to the SBITA vendor before commencement of the subscription term, and capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. Amortization of the subscription asset is recognized as an outflow of resources over the subscription term.

**P. Compensated Absences**

The County's policy regarding vacation and other leave obligations is to permit employees to accumulate earned but unused vacation and other leave obligations. In the government-wide and proprietary funds financial statements the accrued compensated absences is recorded as an expense and related liability, with the current portion estimated based on historical trends. In the governmental fund financial statements, the expenditures and liabilities related to those obligations are recognized only when they mature. The County includes its share of social security and Medicare taxes payable on behalf of the employees in the accrual for compensated absences.

**Q. Pension**

For purposes of measuring the net pension liability and deferred outflows and inflows of resources related to pension, and pension expense, information about the fiduciary net position of the County's California Public Employees' Retirement System (CalPERS) Plan (the Plan) and additions to and deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Accounting principles generally accepted in the United States of America require that the reported results must pertain to liability and asset information within certain defined timeframes.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**R. Other Postemployment Benefits (OPEB)**

For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the County's plan (OPEB Plan) and additions to and deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Accounting principles generally accepted in the United States of America require that the reported results must pertain to liability and asset information within certain defined timeframes.

**S. Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has two items that qualify for reporting in this category. These items relate to the outflows from changes in the net pension liability and net OPEB liability and are reportable on the statement of net position at the government-wide and proprietary fund level.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County has two types of items which qualify for reporting in this category. One item, unavailable revenue, is reported only on the governmental funds balance sheet. The governmental funds report unavailable revenues for receivables that have not been received within the County's availability period of 30 days. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The other item relates to the inflows from changes in the net pension liability and OPEB liability and is reported on the statement of net position at the government-wide and proprietary fund level.

**T. Estimates**

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**U. Implementation of Governmental Accounting Standards Board (GASB) Statements**

The following Governmental Accounting Standards Board (GASB) Statement has been implemented, if applicable, in the current financial statements.

**GASB Statement No. 100** – *Accounting Changes and Error Corrections*, requires the effects of beginning balances for each accounting change or error correction to be disclosed by reporting unit in a tabular format that reconciles beginning balances as previously reported to beginning balances adjusted or restated.

**NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**A. Deficit Fund Balance and Net Position**

The following special revenue funds had deficit fund balances:

- The Road Fund had a fund balance deficit of \$2,967,631, which is expected to be reduced in future years.
- The Health Services Fund had a fund balance deficit of \$4,624,420, which is expected to be reduced in future years.
- The Senior Nutrition Fund had a fund balance deficit of \$29,107, which is expected to be reduced in future years.
- The Transportation Operations Fund had a fund balance deficit of \$819,213, which is expected to be reduced in future years.
- The Tehama County Flood Control Fund had a fund balance deficit of \$1,140, which is expected to be reduced in future years.

The following internal service fund had a deficit net position:

- The Medical Insurance Fund had a deficit net position of \$416,435, which is expected to be reduced in future years.

**B. Rebatable Arbitrage**

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the IRS at least every five years. At June 30, 2024, the County does not expect to incur a liability.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 3 CASH AND INVESTMENTS**

The County Treasurer manages, in accordance with California Government Code Section 53600, funds deposited in the investment pool by the County, all County school districts, various special districts, and some cities within the County. The County investment pool is not registered with the Securities and Exchange Commission as an investment company. California Government Code and the County's investment policy govern the investment pool activity. The objectives of the policy are in order of priority, safety, liquidity, yield, and public trust. The pool attempts to match maturities with planned outlays and maximize the return on investment over various market cycles. Yield is considered only after safety and credit quality have been met, consistent with limiting risk and prudent investment principles.

The Board of Supervisors monitor and review the management of public funds maintained in the investment pool in accordance with Article 6 Section 27131 of the California Government Code. The Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the members of the Board of Supervisors and the investment pool participants twice per year. The report covers the type of investment in the pool, maturity dates, par value, actual cost, and fair value. All cash and investments, with the exception of deposits with fiscal agents, are considered part of the investment pool.

The County sponsored investment pool includes both internal and external participants. The portion of the pool attributable to external pool participants, which are considered involuntary participants, are included in the primary government as an Investment Trust Funds which do not have separate financial reports. The state of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer. The investments of involuntary participation in the investment pool totaled \$188,972,167 at June 30, 2024.

**A. Financial Statement Presentation**

As of June 30, 2024, the County's cash and investments are reported in the financial statements as follows:

Primary Government	\$ 111,134,885
Investment Trust Funds	188,972,167
Custodial Funds	<u>22,906,944</u>
Total Cash and Investments	<u><u>\$ 323,013,996</u></u>

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**A. Financial Statement Presentation (Continued)**

As of June 30, 2024, the County's cash and investments consisted of the following:

Cash:	
Cash on Hand	\$ 46,971
Deposits (Less Outstanding Checks)	<u>20,940,904</u>
Total Cash in County Pool	20,987,875
Deposits With Fiscal Agents	<u>5,884,510</u>
Total Cash	26,872,385
Investments:	
In Treasurer's Pool	<u>296,141,611</u>
Total Cash and Investments	<u><u>\$ 323,013,996</u></u>

**B. Cash**

At year-end, the carrying amount of the County's cash deposits (including amounts in checking accounts, money market accounts, and deposits with fiscal agents) was \$26,825,414 and the bank balance was \$23,580,589. In addition, the County had cash on hand of \$46,971.

Custodial Credit Risk For Deposits

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The County's investment policy requires that deposits in banks must meet the requirements of the California Government Code. Under this code, deposits of more than \$250,000 must be collateralized at 105% to 150% of the value of the deposit to guarantee the safety of the public funds. The first \$250,000 of the County's deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Deposits of more than the \$250,000 insured amount are collateralized.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**C. Investments**

Pursuant to Section 53646 of the Government Code, the County prepares an investment policy annually and presents it to the Board of Supervisors for review and approval. The investment policy provides the basis for the management of a prudent, conservative investment program. Funds are invested to provide the maximum security of principal with secondary emphasis on achieving the highest return, while meeting daily cash flow needs. All investments are made in accordance with the Government Code and, in general, the investment policy is more restrictive than state law. Under the provisions of the County's investment policy the County may invest or deposit in the following:

- State Treasurer's Local Agency Investment Fund (LAIF)
- Sweep Accounts
- Bank Deposits
- California Asset Management Program (CAMP)
- U.S. Treasury Notes or other indebtedness secured by the full-faith and credit of the federal government
- Securities Issued by U.S. Government Agencies and Government-Sponsored Enterprises
- Bankers' Acceptances
- Commercial Paper
- Negotiable CD's
- Medium-Term Notes
- Money Market Mutual Funds
- Obligations of the state of California
- Registered treasury notes or bonds of any of the other 49 states in addition to California
- Mortgage Pass-Through Securities and Asset-Backed Securities
- Guaranteed Investment Contracts
- Repurchase Agreements
- Supranational Debt

**C. Investments (Continued)**

Fair Value of Investments

The County measures and records its investments using fair value measurement guidelines established by accounting principles generally accepted in the United States of America. These guidelines recognize a three-tiered fair value hierarchy as follows:

*Level 1* – Quoted prices for identical investments in active markets;

*Level 2* – Observable inputs other than quoted market prices; and

*Level 3* – Unobservable inputs.

The County’s position in external investment pools is in itself regarded as a type of investment and looking through to the underlying investments of the pool is not appropriate. Therefore, the County’s investments in external investment pools are not recognized in the three-tiered fair value hierarchy described above.

At June 30, 2024, the County had the following recurring fair value measurements:

Investment Type	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Investments by Fair Value Level:				
U.S. Treasury Notes	\$ 92,795,300	\$ 92,795,300	\$ -	\$ -
Government Agencies	48,280,008	-	48,280,008	-
Medium-Term Notes	56,275,367	-	56,275,367	-
Asset-Backed Securities	5,513,910	-	5,513,910	-
Negotiable CD's	26,459,000	-	26,459,000	-
Total Investments Measured at Fair Value	229,323,585	<u>\$ 92,795,300</u>	<u>\$ 136,528,285</u>	<u>\$ -</u>
Investments in External Investment Pools:				
Cash Equivalents	26,684,265			
CalTrust	20,028,850			
LAIF	1,000			
CAMP	20,103,911			
Total Investments	<u>\$ 296,141,611</u>			

Interest Rate Risk

Interest rate risk is the risk of loss due to the fair value of an investment falling due to interest rates rising. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. To limit the exposure to fair value losses from increases in interest rates, the County’s investment policy limits investment maturities to a term appropriate to the need for funds so as to permit the County to meet all projected obligations. Any investments that mature more than five years from the date of purchase require prior approval of the Board of Supervisors.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**C. Investments (Continued)**

Interest Rate Risk (Continued)

As of June 30, 2024, the County had the following investments, all of which had a maturity of five years or less:

<u>Investment Type</u>	<u>Interest Rates</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
U.S. Treasury Notes	0.250-4.500%	\$ 92,795,300	2.36

Corporate Notes	0.610-5.650%	56,275,367	1.60
Asset-Backed Securities	0.810-4.980%	5,513,910	3.40
Negotiable CD's	0.400-5.250%	26,459,000	3.46
Cash Equivalents	Variable	26,684,265	-
CalTrust	Variable	20,028,850	-
LAIF	Variable	1,000	-
CAMP	Variable	20,103,911	-
Total Investments		<u>\$ 296,141,611</u>	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's investment policy sets specific parameters by the type of investment to be met at time of purchase. Presented below is the minimum rating required by (where applicable) the California Government Code or the County's investment policy, and the actual rating as of year-end for each investment type.

<u>Investment Type</u>	<u>Standard &amp; Poor's Rating</u>	<u>Moody's Rating</u>	<u>% of Portfolio</u>
Certificates of Deposit	NR/FDIC	NR/FDIC	8.9%
Corporate Notes	BAA2 - AAA	BBB - AAA	19.0%
U.S. Agency	AAA	AA+	16.3%
U.S. Treasury	AAA	AA+	31.3%
Asset Backed Security	AAA	AAA	1.9%
Cash Equivalents	N/A	N/A	9.0%
CalTrust	N/A	N/A	6.8%
Capital Asset Management Program (CAMP)	N/A	N/A	6.8%
Local Agency Investment Fund (LAIF)	N/A	N/A	0.0%
Total			<u>100.00%</u>

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**C. Investments (Continued)**

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. To mitigate the custodial credit risk the County requires that all of its managed investments be held in safekeeping by a third-party bank trust department.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer of securities. When investments are concentrated in one issuer, this concentration presents a heightened risk of potential loss.

**D. Investment in External Investment Pool**

The County of Tehama maintains an investment in the state of California Local Agency Investment Fund (LAIF), managed by the State Treasurer. This fund is not registered with the Securities and Exchange Commission as an investment company but is required to invest according to California State Code. The Local Investment Advisory Board (the Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State Statute. At June 30, 2024, the County's investment in LAIF valued at amortized cost was \$1,000 and is the same as the value of the Pool shares. There are no restrictions on withdrawal of funds. The total amount invested by all public agencies in LAIF on that day was \$177.5 billion. Of that amount, 100.00% is invested in nonderivative financial products.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 4 CAPITAL ASSETS (CONTINUED)**

**Amortization of Right-to-Use Assets**

Amortization expense was charged to governmental activities as follows:

General Government	\$ 307,125
Public Protection	176,967
Public Ways and Facilities	119,749
Health and Welfare	98,477
Public Assistance	274,980
Governmental Activities	<u>\$ 977,298</u>

**Construction in Progress**

Construction in progress for governmental activities at June 30, 2024, relates to work performed on various County projects relating to buildings, bridges, roads, and infrastructure.

**NOTE 5 INTERFUND TRANSACTIONS**

**Due To/From Other Funds**

During the course of operations, transactions occur between funds to account for goods received or services rendered. These receivables and payables are classified as due from or due to other funds. In addition, when funds overdraw their share of pooled cash, the receivables and payables are also classified as due from or due to other funds. The following are due from and due to balances as of June 30, 2024:

	Due From Other Funds	Due To Other Funds
General Fund	\$ 4,639,592	\$ -
Road Fund	-	1,517,939
Health Services	-	1,826,500
Nonmajor Governmental Funds	-	773,351
Internal Service Funds	-	521,802
Total	<u>\$ 4,639,592</u>	<u>\$ 4,639,592</u>

**Advances To/From Other Funds**

Advances to/from other funds are noncurrent interfund loans and are offset by a nonspendable fund balance account in applicable governmental funds to indicate they are not in spendable form. The following are advances to/from other funds as of June 30, 2024:

	Advances To Other Funds	Advances From Other Funds
General Fund	\$ 1,180,000	\$ -
Nonmajor Governmental Funds	634,000	634,000
Internal Service Funds	-	1,180,000
Total	<u>\$ 1,814,000</u>	<u>\$ 1,814,000</u>

\*The beginning balance was restated due to the correction of an error in prior year. Refer to Note 15.

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. The vehicle financing is liquidated by payments made by the departments using the equipment. Compensated absences for the governmental activities are generally liquidated by the fund where the accrued liability occurred, which is primarily the general fund.

For business-type activities, all debt is accounted for in the Sanitary District fund where the liability occurred.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 7 LONG-TERM LIABILITIES (CONTINUED)**

All debt is direct borrowing. Individual issues of debt payable outstanding at June 30, 2024, are as follows:

Governmental Activities

Certificates of Participation:

2014 Certificates of Participation, issued May 13, 2014, in the amount of \$14,660,000, payable in annual instalments of \$300,000 to \$965,000, with an interest rate of 2.0% to 5.0% and maturity on September 15, 2038. The certificates of participation are secured by the County of Tehama Courthouse Annex and the Juvenile Detention Facility. The certificates were used to refund the 1998 and 2002 certificates of participation which were used to finance capital projects and to finance additional capital improvements.

Total Certificates of Participation

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 10 NET POSITION**

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- **Net investment in capital assets** – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- **Restricted net position** – consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- **Unrestricted net position** – all other net position that does not meet the definition of restricted or net investment in capital assets.

**Net Position Flow Assumption**

When a government funds outlays for a particular purpose from both restricted and unrestricted resources, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted net position are available, it is considered that restricted resources are used first, followed by the unrestricted resources.

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 11 FUND BALANCES**

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2024, fund balance for the governmental funds is made up of the following:

- **Nonspendable fund balance** – Amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The not in spendable form criterion includes items that are not expected to be converted to cash, for example: inventories and prepaid amounts.
- **Restricted fund balance** – Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Restrictions may effectively be changed or lifted with the consent of resource providers.
- **Committed fund balance** – Amounts that can only be used for the specific purposes determined by formal action of the County’s highest level of decision-making authority. The Board of Supervisors is the highest level of decision-making authority for the County that can, by Board action, commit fund balance. Once adopted, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned fund balance** – Amounts that are constrained by the County’s intent to be used for specific purposes. The intent can be established by the Board of Supervisors or official or body to whom the Board has delegated its authority.
- **Unassigned fund balance** – The residual classification for the County’s general fund that includes all amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

**Fund Balance Flow Assumption**

When a government funds outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance), a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted fund balance are available, it is considered that restricted fund balance is depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 11 FUND BALANCES (CONTINUED)**

**Fund Balance Policy**

The Board of Supervisors has adopted a fund balance policy for financial statement reporting. The policy establishes procedures for reporting fund balance classifications, establishes prudent reserve requirements, and establishes a hierarchy of fund balance expenditures. The policy also provides for the County to establish and maintain a minimum committed fund balance in the general fund equal to 8.33% of adopted (final) budgeted general fund appropriations for economic uncertainty.

**NOTE 12 PENSION PLAN**

**A. General Information About the Pension Plan**

**Plan Description**

All qualified permanent and probationary employees of Tehama County, Tehama Court, Tehama County Landfill, Tehama County Public Authority, Tehama County Law Library, Tehama County Transportation Commission, and Tehama First Five are eligible to participate in the County's Safety and Miscellaneous agent multiemployer defined benefit pension plan (the Plan), administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for participating member employers. Benefit provisions under the Plan are established by state statute and County resolution. CalPERS issues publicly available reports that include a full description of the Plan regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website.

Effective January 1, 2013, the County added retirement tiers for both the Miscellaneous and Safety Rate Tiers for new employees as required under the Public Employee Pension Reform Act (PEPRA). New employees hired on or after January 1, 2013, will be subject to new, lower pension formulas, caps on pensionable income levels, and new definitions of pensionable income. In addition, new employees will be required to contribute half of the total normal cost of the pension benefit unless impaired by an existing Memorandum of Understanding. The cumulative effect of these PEPRA changes will ultimately reduce the County's retirement costs.

**Summary of Rate of Tiers and Eligible Participants**

Open for New Enrollment:	
Miscellaneous PEPRA	Miscellaneous Members Hired on or After January 1, 2013
Safety PEPRA	Safety Employees Hired on or After January 1, 2013
Closed to New Enrollment:	
Miscellaneous	Miscellaneous Employees Hired Before January 1, 2013
Safety	Safety Employees Hired Before January 1, 2013

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 12 PENSION PLAN (CONTINUED)**

**A. General Information About the Pension Plan (Continued)**

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 (age 52 for Miscellaneous Plan members if membership date is on or after January 1, 2103) with statutorily reduced benefits. Retirement benefits are paid monthly for life. All members are eligible for nonduty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for the Plan are applied as specified by the Public Employees' Retirement Law.

Each Rate Tier's specific provisions and benefits in effect at June 30, 2024, are summarized as follows:

	Benefit Formula	Retirement Age	Monthly Benefits as a % of Eligible Compensation
Miscellaneous	2.0% @ 55	50 - 55	1.426% to 2.418%
Miscellaneous PEPRAs	2.0% @ 62	52 - 62	1.000% to 2.500%
Safety	3.0% @ 55	50 - 55	2.400% to 3.000%
Safety PEPRAs	2.7% @ 57	50 - 57	2.000% to 2.700%

Employees Covered

At June 30, 2024, the following employees were covered by the benefit terms for the Plan including independent entities (Court and First Five):

	Inactive Employees or Beneficiaries Currently Receiving Benefits	Inactive Employees Entitled to But Not Yet Receiving Benefits	Active Employees
Miscellaneous	273	1435	665
Safety	55	238	130

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 12 PENSION PLAN (CONTINUED)**

**A. General Information About the Pension Plan (Continued)**

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for all Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The County is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

	Employer Contribution Rates	Employee Contribution Rates	Employer Paid Member Contribution Rates
Miscellaneous	9.300%	7.000%	0.000% *
Miscellaneous PEPRA	9.300%	6.750%	0.000%
Safety	18.210%	9.000%	0.000% *
Safety PEPRA	18.210%	11.250%	0.000%

\*The County pays 100% of the employee's contribution for elected officials and 3% of the employee's contribution for police officers and probation.

**B. Net Pension Liability**

The County's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Miscellaneous and Safety Plans are measured as of June 30, 2023, using annual actuarial valuations as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. A summary of principal assumptions and methods used in both actuarial valuations to determine the net pension liability is shown below.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Net Pension Liability (Continued)**

Actuarial Assumptions

The total pension liabilities were determined using the following actuarial assumptions:

Valuation Date	June 30, 2022
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.50%
Projected Salary Increase	Varies by entry-age and service
Mortality	Derived using CalPERS' membership data for all funds
Post-Retirement Benefits Increase	The lesser of contract COLA or 2.50% until Purchasing Power Protection Allowance floor on purchasing power applies, 2.50% thereafter

The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2019, that can be found on the CalPERS website.

Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Net Pension Liability (Continued)**

Long-Term Expected Rate of Return (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Real Return (a)(b)</u>
Global Equity - Cap-weighted	30.0%	4.54%
Global Equity - Non-cap-weighted	12.0%	3.84%
Private Equity	13.0%	7.28%
Treasury	5.0%	0.27%
Mortgage-backed Securities	5.0%	0.50%
Investment Grade Corporates	10.0%	1.56%
High Yield	5.0%	2.27%
Emerging Debt Market	5.0%	2.48%
Private Debt	5.0%	3.57%
Real Assets	15.0%	3.21%
Leverage	-5.0%	-0.59%
Total	<u>100.0%</u>	

(a) An expected inflation of 2.30% used for this period.

(b) Figures are based on the 2021 Asset Liability Management study.

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

**A. General Information About the OPEB Plan**

Plan Description

The County's defined benefit OPEB plan (the Plan) provides OPEB for all permanent full-time general and public safety employees of the County. The Plan is an agent single-employer defined benefit plan administered by Alliant Insurance Services. The Board of Supervisors reserves the authority to review and amend the funding policy from time to time, in order to ensure that the funding policy continues to best suit the circumstances of the County.

Benefits Provided

The County offers medical, dental, vision, and life benefits to its employees, retirees, and their dependents. The medical plans consist of an Anthem Blue Cross PPO and an Anthem Blue Cross EPO (low option).

Employees of all bargaining units who have a minimum of five years of County service and who go directly from active employment to retirement under the Public Employees' Retirement System, may continue to participate in the County's health insurance programs at the employee's option and expense.

Contributions

While the County does not directly contribute towards the cost of premiums for retirees, the ability to obtain coverage at an active employee rate constitutes a significant economic benefit to the retirees, called an Implicit Subsidy under GASB 75. The inclusion of the retirees increases the County's overall health insurance rates; it is, in part, the purpose of this valuation to determine the amount of the subsidy. Dental and vision benefits are not subsidized and have not been included in the valuation. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Employees Covered by Benefit Terms

At July 1, 2022, the most recent valuation date, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	5
Active Employees	611
Total	<u>616</u>

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)**

**B. Total OPEB Liability**

The County's total OPEB liability of \$606,302, was measured as of June 30, 2024, and was determined by the actuarial valuation as of July 1, 2022.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	July 1, 2022
Funding Method	Entry-Age, Level of Percent of Pay
Discount Rate	3.97%
Salary Increase	3.00%
Inflation Rate	2.50%
	5.50% for 2024, 5.25% for 2025-2029, 5.00% for 2030-2039, 4.75% for 2040-2049, 4.50% for 2050-2069, and 4.00% for 2070 and later years; Medicare ages: 4.50% for 2023-2029 and 4.00% for 2030 and later years.
Healthcare Cost Trend Rate	

Pre-retirement mortality rates were based on the CalPERS Experience Study (1997-2015). Post-retirement mortality rates for Healthy Recipients were based on the CalPERS Experience Study (1997-2015).

Discount Rate

For OPEB Plans That Are Not Administered through Trusts That Meet the Criteria in Paragraph 4, GASB 75 requires a discount rate that is a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The discount rate used to measure the County's Total OPEB liability is based on the following information:

To determine a resulting single (blended) rate, the amount of the plan's projected fiduciary net position (if any) and the amount of projected benefit payments is compared in each period of projected benefit payments. The discount rate used to measure the County's total OPEB liability is based on these requirements and the following information:

<u>Reporting Date</u>	<u>Measurement Date</u>	<u>Fidelity GO AA 20 Years Municipal Index</u>	<u>Discount Rate</u>
June 30, 2023	June 30, 2023	3.86%	3.86%
June 30, 2024	June 30, 2024	3.97%	3.97%

**C. Changes in the Total OPEB Liability**

Changes in the total OPEB liability are as follows:

	Total OPEB Liability
Balances at Fiscal Year Ending June 30, 2023	\$ 612,869
Changes for the Year:	
Service Cost	40,897
Interest	23,962
Changes of Assumptions	(4,823)
Differences Between Expected and Actual Experience	-
Contributions - Employer	-
Benefit Payments	(66,603)
Total Net Changes	(6,567)
Balances at Fiscal Year Ending June 30, 2024	\$ 606,302

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the County, as well as what the County's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate:

	1% Decrease 2.97%	Current Rate 3.97%	1% Increase 4.97%
Total OPEB Liability	\$ 651,493	\$ 606,302	\$ 564,188

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Trend Rates

The following presents the total OPEB liability of the County, as well as what the County's net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

	1% Decrease	Trend Rate	1% Increase
Total OPEB Liability	\$ 532,249	\$ 606,302	\$ 695,129

NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)**

**D. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2024, the County recognized an OPEB credit of \$80,489. At June 30, 2024, the County reported deferred outflows of resources related to OPEB from the following source:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 27,332	\$ 100,465
Change of Assumptions	93,510	1,152,912
Total	\$ 120,842	\$ 1,253,377

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30,	Amount
2025	\$ (145,348)
2026	(149,789)
2027	(163,820)
2028	(177,141)
2029	(162,773)
Thereafter	(333,664)
Total	\$ (1,132,535)

**NOTE 14 RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has Risk Management Funds (Internal Service Funds) to finance its insured and uninsured risks of loss. The County's uninsured risk of loss is as follows: General liability \$100,000. The County is a member of the California State Association of Counties Excess Insurance Authority (CSACEIA), a public entity risk pool currently operating as a common risk management and insurance program for counties. Should actual loss among participants be greater than anticipated, the County will be assessed its pro rata share of the deficiency. Conversely, if the actual losses are less than anticipated, the County will be refunded its pro rata share of the excess. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. Actual claims unpaid as of June 30, 2024, including any estimates for incurred but not reported (IBNR) amounts, constitute claims payable. The claims liability at June 30, 2024, was as follows:

General Liability	\$ 3,695,514
Dental Insurance	85,123
Vision Insurance	12,622
Total	\$ 3,793,259

**COUNTY OF TEHAMA  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 14 RISK MANAGEMENT (CONTINUED)**

All funds of the County participate in the program and make payments to the risk management funds based on actuarial estimates of the amounts needed to pay prior and current year claims. The claims liability of \$3,793,259 reported in the funds at June 30, 2024, is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably determined.

Changes in the County's claims liability amount for the fiscal years June 30, 2023 and 2024, were as follows:

	Balance at Beginning of Fiscal Year	Current Year Claims and Changes in Estimated	Claims Payments	Balance at End of Fiscal Year
June 30, 2023	\$ 1,504,666	\$ 3,857,329	\$ 3,308,927	\$ 2,053,068
June 30, 2024	2,053,068	4,777,116	3,036,925	3,793,259

The ultimate settlement of claims against the County cannot presently be determined and no provision for any other liability that may result has been made in the financial statements.

**NOTE 15 ACCOUNTING AND REPORTING CHANGES**

During the fiscal year ended June 30, 2024, the County restated beginning net position and fund balance to correct an error in the prior period. The restatement is summarized as follows:

	Government-Wide Statements	Governmental Funds Statements	Fiduciary Funds Statements
	Governmental Activities	Other Governmental Funds	Custodial Funds
Net Position / Fund Balance as of June 30, 2023, As Previously Reported	\$ 345,807,109	\$ 31,170,109	\$ 30,398,479
<u>Correction of an Error</u>			
Restate beginning net position for outstanding debt of \$7.5 million for an energy efficient project not recorded in the previous year when the County signed the debt agreement and received the debt proceeds.	(7,500,000)	-	-
Restate the capital projects fund's beginning balance to reflect a custodial fund regrouped as a governmental fund, showing debt proceeds for the County's energy-efficient project.	828,083	828,083	(828,083)
Total Prior Period Adjustments	(6,671,917)	828,083	(828,083)
Net Position / Fund Balance as of July 1, 2023, Restated	\$ 339,135,192	\$ 31,998,192	\$ 29,570,396

**COUNTY OF TEHAMA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 16 OTHER INFORMATION**

**A. Commitments and Contingencies**

The County had active construction projects as of June 30, 2024. The estimated costs to be incurred for these projects is \$1,786,136.

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

The County is involved in several lawsuits. Due to the nature of the cases, County Counsel is unable to estimate at this time the probability of favorable or unfavorable outcomes. Therefore, no provision has been made in the financial statements for a loss contingency.

COUNTY PENSION PLAN  
NOTE TO COUNTY PENSION PLAN  
JUNE 30, 2024**

**NOTE 1 SCHEDULE OF CHANGES IN NET PENSION LIABILITY AND RELATED RATIOS AND SCHEDULE OF CONTRIBUTIONS**

**Benefits Change**

The figures do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2022 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (aka: Golden Handshakes).

**Changes of Assumptions**

For the June 30, 2023 reporting period (2022 measurement date), the accounting discount rate was reduced from 7.15% to 6.90%. No changes were made for 2019, 2020, 2021, or 2022 reporting periods. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65% to 7.15%. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5% (net of administrative expense) to 7.65% (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5% discount rate.

The discount rate was changed from 3.86% as of the June 30, 2023 measurement date to 3.97% as of the June 30, 2024 measurement date.

The discount rate was changed from 3.69% as of the June 30, 2022 measurement date to 3.86% as of the June 30, 2023 measurement date.

The discount rate was changed from 1.92% as of the June 30, 2021 measurement date to 3.69% as of the June 30, 2022 measurement date.

The discount rate was changed from 2.45% as of the June 30, 2020 measurement date to 1.92% as of the June 30, 2021 measurement date.

The discount rate was changed from 3.13% as of the June 30, 2019 measurement date to 2.45% as of the June 30, 2020 and June 30, 2021 measurement date.

**COUNTY OF TEHAMA  
 REQUIRED SUPPLEMENTARY INFORMATION  
 INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH  
 YEAR ENDED JUNE 30, 2024**

**INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH**

The assessed conditions report for the fiscal year ending June 30, 2024, was completed on November 1, 2024.

**A. Roads**

The County of Tehama manages its maintained road network using the StreetSaver Management Program and accounts for it using the modified approach as set forth in GASB 34. The software, in compliance with ASTM D6433 Standard Practice for Roads and Parking Lots Pavement Condition Index Surveys, establishes scales from zero to one hundred (0-100) for roads maintained by the Department of Public Works. ASTM D6433 considers a road indexed below 55 to be in poor quality and meet the requirements for reconstruction. Roads fall into categories ranging from Good to Poor, with numerical rankings as follow:

Good	70 to 100
Fair	55 to 69
Poor	0 to 54

The scales have been modified from previous years to combine roads in Excellent condition with roads in Good condition, and unpaved roads have been separated from paved roads. Paved roads are given a Pavement Condition Index (PCI) and unpaved roads are given an Overall Condition Index (OCI).

The County's Department of Public Works recommends that 50% of the County's maintained road system be maintained at a rating of Fair or better. Conditional assessments (ratings) are conducted on three-year cycles with detailed inspection occurring on an ongoing basis. The results of the past three cycles are as follows:

	<u>2018</u>	<u>2021</u>	<u>2024</u>
Roads	42.90%	59.00%	43.00%
Bridges	89.32%	91.90%	92.20%

As of June 30, 2024, the condition of the County's paved maintained road system was rated Fair or better for 50% of Arterial and Collector roads and 40% of Local roads, a combined 43% for all paved roads. 100% of the County's 260 miles of unpaved roads are currently rated in Fair condition.

**COUNTY OF TEHAMA  
REQUIRED SUPPLEMENTARY INFORMATION  
INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

**INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH (CONTINUED)**

**A. Roads (Continued)**

The County also maintains records of 0.96 miles of unconstructed/unrated right of way. At June 30, 2024, the recorded number of miles maintained by the County is 1,066.

The majority of roads falling below the established rating of Fair (PCI<55) are in the Local road category and were generally acquired by the County with inadequate or no structural section. Many of these roads are in rural settings and support minimal traffic, and it would require large expenditures and many years to increase the PCI rating.

**B. Bridges**

The County of Tehama manages its maintained bridge system using Microsoft Excel as a Bridge Database and accounts for it using the modified approach. The County combines several factors to establish a scale from 0 to 100. The scale places each bridge structure in a category ranging from Excellent to Poor, as follows:

Excellent	90 to 100
Good	80 to 89
Fair	50 to 79
Poor	0 to 49

The County's Department of Public Works recommends that the majority of its bridge structures be maintained at a rating of Fair or better. The County has categorized the bridges by structure type based on nomenclature, material, and sub type.

**C. Signs**

The County of Tehama manages its maintained traffic sign system using the StreetSaver Sign Management Program. The state and federal Manual of Uniform Traffic Control Devices (MUTCD) identifies sign reflectivity requirements as a crucial rating factor and has established standards for Minimum Retro reflectivity. County sign reflectivity is inspected by County personnel using a Retro reflectometer, which provides a basis for nonsubjective Pass or Fail ratings.

The Public Works staff have a functional geo-referenced database integrated Google Maps. This allows staff to easily locate and view sign locations, including their Pass or Fail status, from any computer or handheld mobile device.

Additionally, the County maintains a significant number of miles of road centerline and edge line striping, pavement markings, and object marker signs. These assets are visually inspected during routine operations and are maintained or replaced as needed to maintain maximum visibility.

**COUNTY OF TEHAMA  
 REQUIRED SUPPLEMENTARY INFORMATION  
 INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH (CONTINUED)  
 YEAR ENDED JUNE 30, 2024**

**INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH (CONTINUED)**

**D. Cost of Maintenance**

The estimated annual cost to maintain 50% of the roads and 75% of the bridges in Fair or better condition and signs in a Pass condition rating is \$23 million for the next 5 fiscal years. The average annual expenditures for each of the last five years was \$11.3 million. The funds expended have helped to slow the facility degradation, however, the overall ratings continue to decline, albeit at a slow place. The funds expended for all of the above noted facilities over the past five fiscal years are as follows:

<u>Fiscal Year Ending</u>	<u>Total Expenditures</u>	<u>Road and Bridge Construction Projects</u>	<u>Expenditures Net of Projects</u>
2023/2024	\$ 41,760,405	\$ 29,350,558	\$ (12,409,847)
2022/2023	18,305,512	6,832,286	(11,473,226)

**COUNTY OF TEHAMA  
REQUIRED SUPPLEMENTARY INFORMATION  
NOTE TO BUDGETARY COMPARISON SCHEDULES  
JUNE 30, 2024**

**NOTE 1 BUDGETARY BASIS OF ACCOUNTING**

Formal budgetary integration is employed as a management control device during the year. The County presents a comparison of annual budget to actual results for the County's general and major special revenue funds. The amounts reported on the budgetary basis are generally on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

In accordance with the provisions of Sections 29000 and 29143, inclusive, of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares a budget for each fiscal year on or before August 30. Budgeted expenditures are enacted into law through the passage of an Appropriation Resolution. This resolution mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County's Board of Supervisors.

The following procedures are performed by the County in establishing the budgetary data reflected in the financial statements:

- (1) The County Administrative Officer submits to the Board of Supervisors a recommended draft budget for the fiscal year commencing the following July 1. The budget includes recommended expenditures and the means of financing them.
- (2) The Board of Supervisors reviews the recommended budget at regularly scheduled meetings, which are open to the public. The Board also conducts a public hearing on the recommended budget to obtain comments from interested persons.
- (3) Prior to August 1, the budget is adopted through the passage of a resolution.
- (4) From the effective date of the budget, which is adopted and controlled at the department level, the amounts stated therein, as recommended expenditures become appropriations to the various County departments. The Board of Supervisors may amend the budget by motion during the fiscal year. The County Administrative Officer may authorize transfers from one object or purpose to another within the same department.
- (5) An operating budget is adopted each fiscal year for all governmental funds. Expenditures are controlled at the object level within budget units for the County. The object level within a budget unit is the level at which expenditures may not legally exceed appropriations. Any amendments or transfers of appropriations between object levels within the same budget unit or between departments or funds are authorized by the County Administrator's office and must be approved by the Board of Supervisors. Supplementary appropriations normally financed by unanticipated revenues during the year must be approved by the Board of Supervisors. Budgeted amounts in the budgetary schedules are reported as originally adopted and as amended during the fiscal year by resolutions approved by the Board of Supervisors.

**COUNTY OF TEHAMA  
REQUIRED SUPPLEMENTARY INFORMATION  
NOTE TO BUDGETARY COMPARISON SCHEDULES  
JUNE 30, 2024**

**NOTE 1 BUDGETARY BASIS OF ACCOUNTING (CONTINUED)**

The County uses an encumbrance system as an extension of normal budgetary accounting for the general, special revenue, and debt service funds and to assist in controlling expenditures of the capital projects funds. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as restricted, committed, or assigned fund balance since they do not constitute expenditures or liabilities. Encumbrances are combined with expenditures for budgetary comparison purposes. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward in the ensuing year's budget.
